

Hello Coaches,

After 30 years of coaching the sport of Cross Country; Billy York called it a career after the 2014 season. Billy was an intricate part of the growth of cross country at the high school level. He coached his entire career at Woodcrest Christian, and in that time managed to coach 6 state championship teams, and even more CIFSS championship teams. His greatest accomplishment however, was the influence he made on the lives of so many young people. We would like to invite you to the 2nd installment of the Billy York Invitational being held at the Riverside Cross Country Course on September 23, 2017. We look forward to celebrating Billy through competition, and hope that you can join us.
