

LED DISPLAY BOARDS

BUILT FOR TRACK & FIELD AND CROSS COUNTRY TIMING

Live sprint results with wind reading · USA Track & Field Junior Olympics

A Professional Look for Every Meet

RESULTS YOUR ATHLETES, COACHES AND FANS CAN ACTUALLY READ

Finished Results LED Display Boards are stadium-scale video boards purpose-built for track, field and cross country timing. One video cable is all it takes to mirror live results straight from your timing software. No proprietary protocol, no complicated setup. Whether you are calling a Friday night dual meet or a state championship, these boards deliver sunlight-readable results up to 6,500 nits, full-motion video and photo support in one weather-resistant, travel-ready package.

STADIUM BRIGHTNESS

LED panels up to 6,500 nits stay readable across the entire stadium, even in direct sunlight.

WEATHER RESISTANT

Reliable outdoor construction built for track, field and road race conditions.

ONE-CABLE VIDEO

A DVI input mirrors your computer screen for results, video or graphics. The DVI to HDMI cable is included, so a laptop plugs straight in.

FULLY CUSTOMIZABLE DISPLAY

Configure layouts for live results, pictures and full-motion video to match any event format.

P5 PITCH DETAIL

5 mm pixel pitch resolves names, marks and split times cleanly, not just large numbers.

FLIGHT CASE INCLUDED

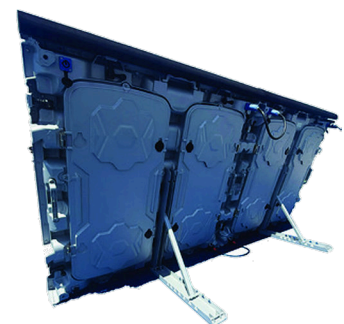

Every board ships in a flight case built to survive a full season of loading, hauling and setup.

BOYS VARSITY 5000 M		FINAL
1	J. MARTINEZ RIVERSIDE POLY	15:42.1
2	T. OKAFOR CENTENNIAL	15:48.6
3	D. NGUYEN VISTA MURRIETA	15:55.9

Three lines of stadium-readable results: place, name, team and time

BOYS VARSITY 5000 M		FINAL
1	J. MARTINEZ RIVERSIDE POLY	15:42.1
2	T. OKAFOR CENTENNIAL	15:48.6
3	D. NGUYEN VISTA MURRIETA	15:55.9

2 m × 1 m board, dimensioned front view

Folding supports deploy in seconds, no extra rigging

Display templates and content shown (results layouts, graphics and photos) are examples only and are not included with the purchase of the board.

5 mm pixel pitch · 384 × 192 px
2 m × 1 m · complete kit with flight case

WHY TIMING COMPANIES CHOOSE FINISHED RESULTS

- › One video input mirrors any timing software, with no custom integration needed
- › Weather-resistant build rated for track, field and road race conditions
- › 71 lb board ships in an included flight case for weekly race travel
- › Runs from a standard outlet or a generator, no special power needed

**ONE BOARD, EVERY EVENT**

Running time and place at the finish line, field marks and attempt-by-attempt results in the infield, team scores between events. Drive it from the software you already run.
